

Elevation-Dependent Climate Change Working Group Members

Name	Affiliation	Country
Nick Pepin (<i>lead</i>)	School of the Environment and Life Sciences University of Portsmouth	United Kingdom
Martha Apple	Department of Biological Sciences, Montana Technological University	United States
Joshua Benes	University of Vermont	United States
Jan Beutel	University of Innsbruck	Austria
Henry Diaz	Affiliate Faculty Department of Geography and Environment, University of Hawaii	United States
Andreas Gobiet	GeoSphere Austria Regional Office Styria	Austria
Catherine Hulshof	Department of Life Sciences and Sustainability, Virginia Commonwealth University	United States
Aji John	Biology	Norway
Pratik Kad	NORCE Norwegian research centre / Bjerknes Centre for Climate Research	Norway
Sven Kotlarski	Federal Office of Meteorology and Climatology MeteoSwiss, Climate Department	Switzerland
Juan Ignacio López- Moreno	Pyrenean Institute of Ecology-CSIC	Spain
Dana Micu	National Meteorological Administration	Romania
Anna Napoli	Center Agriculture Food Environment, Department of Civil, Environmental, and Mechanical Engineering of the University of Trento	Italy
Simon Scherrer	Climate division, Federal Office of Meteorology and Climatology MeteoSwiss	Switzerland
Wolfgang Schoener	Institute of Geography and Regional Research University of Graz	Austria
Louis Scuderi	Department of Earth & Planetary Sciences University of New Mexico, Albuquerque	United States
Haosu Tang	Department of Geography, University of Sheffield	United Kingdom
James Thornton	Mountain Research Initiative Coordination Office	Switzerland
Mathias Vuille	Department of Atmospheric & Environmental Sciences, University at Albany	United States
Scott Williamson	Polar Knowledge Canada, Government of Canada	Canada
Anaïs Zimmer	IRD, Montpellier	France
